

RESIDENT TUITION ENTITLEMENT APPOINTMENT ELIGIBILITY FORM

The student listed below is currently receiving a Resident Tuition Entitlement waiver of non-resident tuition, based upon the student's employment. An audit of the employment appointment indicates that the position is not directly related to the student's degree program. Therefore, the student is no longer eligible for the waiver, and it will be removed within 2 weeks resulting in a student bill for the non-resident portion of tuition.

If the student's position does directly relate to his/her degree program, please complete this form and return it to the Special Billing section of the Office of Accounting as soon as possible. A quick response will ensure that the student's tuition bill will not be affected.
