

STATEMENT OF UNDERSTANDING

If selected for the Two-Year NROTC scholarship Program, I understand that the maximum scholarship entitlement is two academic years, defined as four semesters or six quarters. In no case will subsistence allowances cover more than 20 months. In the event that I require more than two academic years to complete my degree and qualify for commissioning, I understand that the ensuing fees for additional academic work are at my own expense.

FOR APPLICANTS REQUIRED TO TRANSFER TO AN NROTC HOST COLLEGE/  
UNIVERSITY

NROTC College \_\_\_\_\_

I understand it is my responsibility to secure admission to an NROTC host college/university and that the deadline for notification to reach Naval Service Training Command is 16 May 2008. I further understand that matriculation status (acceptance to the junior class) must be indicated and is a factor affecting selection. The Professor of Naval Science at the NROTC school may be contacted for admission assistance.

STATEMENT OF UNDERSTANDING  
REGARDING CALCULUS AND PHYSICS REQUIREMENT

I understand that Two-Year NROTC scholarship recipients must complete one year of college calculus through differential and integral calculus of one real variable and one year of calculus based physics prior to commissioning. I further agree that I will be continually enrolled in the required calculus and/or physics courses until all requirements have been met.
