2011 SLICE Award Goes to . . .

Alice Clayton, Administrative Assistant in the Fire Safety Systems Shop! Alice was nominated by her coworkers for her continued dedication to safety, proficiency, and innovation. She has participated in the leadership program and assists shop members in getting their required and elective training to improve daily performance. Alice also helped develop a safety program within the shop – including ensuring each shop vehicle has necessary protective equipment and a first aid kit. She has made the work environment safer for everyone. Congratulations, Alice! Visit the [SLICE Web site](#) to learn more.

Speak Up!

The newly-developed CPFM Speakers' Bureau is designed to help you develop your public speaking skills. After successfully completing the program, graduates will be considered CPFM ambassadors, and may be asked to present on behalf of CPFM. This could include presenting at brown bags, management team meetings, and campus client forums. [See flyer for details](#). Also, you can learn more by attending one of these informational sessions in February:

- Tuesday, February 7, 1-1:45 p.m., FC1, 1.118C
- Friday, February 10, 1-1:45 p.m., PRC, Building 19 Conference Rm.
- Tuesday, February 14, 9-9:45 a.m., NOA, 4.106A
- Friday, February 17, 9-9:45 a.m., FC1, 1.118B

3rd Annual Sustainability Fair Coming March 8

The 3rd Annual CPFM Sustainability Fair will be held March 8, in FC5. The Fair will feature exhibits related to being environmentally-friendly at work and at home. New exhibitors this year include Greenling, an organic online grocer that delivers right to your door! A blood donation drive will be held in the break room of FC1. There will also be food, games, raffle and door prizes donated by the Campus Environmental Center, and a special “trash to treasure” goodie grab.

Room Assessments Prepare for Audit

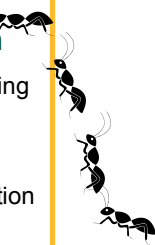

Over the next eight weeks, Technology Resources (TRecs) will be auditing spaces throughout campus to verify and catalogue the square footage of campus rooms and offices. This is in preparation for a required audit by the Texas Higher Education Coordinating Board (THECB) scheduled for April. TRecs will be labeling rooms and offices. Any identification labels placed in rooms, offices or other spaces by TRecs need to remain untouched through the time of the THECB visit.

Chili Cook-Off Heats Up

Don't forget the chili cook-off, Friday, February 3, from noon to 1:00 p.m. (day shift) and 6:30-7:30 p.m. (night shift)! Entries will be judged on taste, presentation, and heat index. For more information, contact Irma Ureña at 232-7190 or irma.urena@austin.utexas.edu.

Ants Are Marching In

Pest Control has been battling an ant infestation in which large numbers of ants are entering campus buildings. Help reduce the ant population by removing food sources from interior spaces, rinsing soda and juice containers, reporting indoor water leaks, and reporting places where ants may be entering the building. Report problems related to ants to Landscape Services at 471-6888, 7 a.m. to 4 p.m.
