Interagency Mail

Dear Dr. Stephenson:

The University of Texas at Austin proposes to update the core curriculum course list for their Undergraduate Catalog. The changes were made in consideration of what the University is calling Student Competencies, which are based on and designed to demonstrate satisfaction of the Board's Exemplary Educational Objectives.

Because of the nonsubstantive nature of the request, we are approving this administrative change under authority delegated by the Board of Regents. By copy of this letter, I am notifying the General Counsel to the Board of our approval.

Sincerely,

Pedro Reyes
