Dear Bill,

The enclosed legislation regarding minimum score requirements earned from credit by exam tests (D 6464-6465) involves a university-wide change and as such, I am forwarding it to your office for further review and approval. This legislation would allow students to use credit by exam scores to satisfy designated course prerequisites. The automated prerequisite checking system would be modified in the Office of the Registrar to access credit by exam scores and used to qualify students for registration. This legislation has the support of the Educational Policy Committee and was approved by the Faculty Council on October 28, 2008. I would like to recommend its approval.

Please let me know if you have any questions or if I can provide further information.

Sincerely,

A handwritten signature in cursive script that reads "Steven W. Leslie".
