Dr. Reyes,

I have reviewed the attached sections of the UT Austin General Information Catalog, pertaining to Withdrawal Counseling and Medical Withdrawal Rules; and finding no legal objection, I approve them as to form.

Changes to Withdrawal Counseling require re-enrolling students to meet with an academic advisor prior to the first class day. Changes to the Medical Withdrawal Rules modifies the standard for withdrawal to require that the student demonstrate an urgent, substantiated, and significant medical or mental health condition that impacts academic functioning; and states that the deadline for withdrawal is prior to the last class day.

Please let me know if you have any questions.

Thanks,
Tim
