REVISED PROPOSAL TO RESTRUCTURE THE STUDENT LIFE AND ACTIVITIES COMMITTEE INTO TWO SEPARATE COMMITTEES WITH TWO SEPARATE FUNCTIONS

On behalf of the Student Life and Activities Committee, committee chair, Martha Hilley (music), submitted the following proposal to split the committee into two separate committees with two separate functions and compositions. The rationale is provided in the attached impact statement. The committee approved the proposal on March 31, 2015.

On November 17, 2014, the Faculty Council voted to table a proposal to split the Student Life and Activities Committee into two separate committees (D 11935-11938). As a result of meetings with the leaders in athletics, the Intercollegiate Athletics Councils, and the Faculty Council Executive Committee, the committee is recommending the proposed changes outlined below. The Committee on Committees endorsed the proposed changes on April 1, 2015.

The secretary has classified this proposal as legislation of general interest. The Faculty Council will consider the proposal at its meeting on April 13, 2015. Final approval resides with the president.

REVISED PROPOSAL TO RESTRUCTURE THE STUDENT LIFE AND ACTIVITIES COMMITTEE INTO TWO SEPARATE COMMITTEES WITH TWO SEPARATE FUNCTIONS

The Student Life and Activities Committee of the General Faculty proposes revising structure of this committee into two separate committees with two separate functions:

1. **B3 Student Life Committee**
   FUNCTION: The purpose of the Student Life Committee is to identify issues, act as a sounding board for student proposals, and facilitate formal communication with Faculty Council.

   COMPOSITION: Three members elected at large from and by the voting members of the General Faculty for three-year staggered terms. Three student members shall be appointed by the president, one each from a panel of names submitted by the Graduate Student Assembly, Student Government, and Senate of College Councils. In addition, every year the chair of the Faculty Council shall appoint two voting faculty members of the Faculty Council for one-year terms. Each year, the committee shall elect its own chair and vice chair, who shall be voting faculty members of the committee.

2. **B4 Student Athletes and Activities Committee**
   FUNCTION: The purpose of Student Athletes and Activities Committee is to maintain a formal communication channel between the faculty and student athletes; and, [between the faculty and the Athletics Department] to advise the President on matters pertaining to student athletes.¹

   COMPOSITION: Three members elected at large from and by the voting members of the General Faculty for three-year staggered terms. Two faculty members shall be appointed for one-year terms by the president, one each from among the faculty currently serving on the Intercollegiate Athletics Council for Men and the Intercollegiate Athletics Council for Women. Two student athlete members, one each from men's and women's athletics, will be appointed by the president from a list submitted by the Student Athletes Advisory Council. In addition, every year the chair of the Faculty Council shall appoint two voting faculty members of the Faculty Council for one-year terms. The Faculty Athletics Representative (FAR) shall serve on the committee in an advisory capacity. Each year, the committee shall elect its own chair and vice chair, who shall be voting faculty members of the committee. The faculty-appointed representative to the Coalition on Intercollegiate Athletics (COIA) will be invited to serve as an ex-officio member.

**Rationale for the Change:** Over the past several years, members of the Student Life and Activities Committee have expressed confusion over the mission of the committee: Is the committee focused on the student services and activities of all students at the University (this includes graduate students and undergraduates); or is the focus to be on student athletes' welfare? This confusion is exacerbated by a lack of a charge or specific mandate. We recognize that issues surrounding both of these foci are important to the Faculty Council and its interest in student welfare, yet the issues are very different. Currently, there is no committee with the specific mandate to report to the Faculty Council about student athletics, and committee members have observed that the importance and scope of these issues warrants a uniquely focused committee. The proposed configuration would create a formal communication channel between the faculty and student athletes and between the faculty and the Athletics Department.

¹On April 29, 2015, the proposal was amended upon the recommendations of the Faculty Council at its meeting on April 13, 2015. The Student Life and Activities Committee subsequently endorsed the changes.

We recognize that issues surrounding both of these foci are important to the Faculty Council and its interest in student welfare, yet the issues are very different. Currently, there is no committee with the specific mandate to report to the Faculty Council about student athletics, and committee members have observed that the importance and scope of these issues warrants a uniquely focused committee.
