PROPOSED CHANGES TO THE ADMISSION AND REGISTRATION PORTION IN THE COLLEGE/SCHOOL OF BUSINESS SECTION IN THE UNDERGRADUATE CATALOG 2014-2016

Type of Change

Academic Change

1. IF THE ANSWER TO ANY OF THE FOLLOWING QUESTIONS IS YES, THE COLLEGE MUST CONSULT NEAL ARMSTRONG TO DETERMINE IF SACS-COC APPROVAL IS REQUIRED.
   - Is this a new degree program? No
   - Does the program offer courses that will be taught off campus? No
   - Will courses in this program be delivered electronically? No

2. EXPLAIN CHANGE TO DEGREE PROGRAM AND GIVE A DETAILED RATIONALE FOR EACH INDIVIDUAL CHANGE (include page numbers in the catalog where changes will be made):
   1. Add statement to the internal transfer information, that applicants’ records will be reviewed for scholastic dishonesty and other disciplinary action at the University, as part of the application process. Rationale is to avoid possible student ethics violations in the BBA program.
   2. Add summer admission as a possibility for transfer students. Rationale is that current practices should be included in the catalog, and summer admission is sometimes possible.
   3. Add other calculus classes accepted for external transfer students. Listing the other accepted classes of M 403K and M 403L makes the information more complete and accurate.

3. SCOPE OF PROPOSED CHANGE
   a. Does this proposal impact other colleges/schools? No
      This is listing all the M sequences that we already accept, not changing what classes students take.
   b. Will students in other degree programs be impacted (are the proposed changes to courses commonly taken by students in other colleges)? No
   c. Will students from your college take courses in other colleges? No
      Not as a result of these proposed changes.
   d. Does this proposal involve changes to the core curriculum or other basic education requirements (42-hour core, signature courses, flags)? No
   e. Will this proposal change the number of hours required for degree completion? No

4. COLLEGE/SCHOOL APPROVAL PROCESS
   Department approval date: April 8, 2013
   College approval date: April 15, 2013
   Dean approval date: April 15, 2013

Foreign Language Proficiency

Admission-to-Major Requirements for Students Previously Enrolled in the School

Transfer

Internal Transfer

Students enrolled in other degree programs at the University who wish to enter a degree program described in this chapter must submit an application for a change of major to the Undergraduate Program Office by May 15 to be considered for admission in the following fall semester. Summer admission may be possible. The following minimum requirements for consideration are in addition to the requirements to transfer from one division to another that are given in General Information.

1. Completion of twenty-four semester hours of coursework in residence on the letter-grade basis by the end of the preceding spring semester
2. Completion of Mathematics 408K and 408L, Mathematics 408N and 408S, or Mathematics 408C and 408D, or the equivalent
3. Completion of Economics 304K and 304L
4. Completion of the foreign language proficiency requirement of two years of a single foreign language in high school or one year of a single foreign language in college
5. A grade point average of at least 3.00 on University in-residence coursework

All applicants' records are reviewed for scholastic dishonesty and other disciplinary action at the University. Violations are taken into account by the Admissions Committee as part of the application process and may exclude a student from admission depending on the nature and severity of the offense(s).

Admission is granted on a space-available basis and may not be possible if instructional resources are not compatible with enrollment demands. A student with a grade point average of less than 3.40 is unlikely to be admitted to the school.

External Transfer

A student seeking to transfer to the McCombs School of Business from another university should list business as his or her intended major on the admission application. Because students are not admitted to the school for the spring, application materials must be submitted to the Office of Admissions by the appropriate deadline for the student to be considered for admission in the following fall semester. Summer admission may be possible. The following minimum requirements for consideration are in addition to the requirements for transfer admission that are given in General Information.

1. Completion of Mathematics 408K and 408L, Mathematics 408N and 408S, or Mathematics 408C and 408D, or Mathematics 403K and 403L, or the equivalent
2. Completion of Economics 304K and 304L
3. Completion of the foreign language proficiency requirement of two years of a single foreign language in high school or one year of a single foreign language in college
4. A grade point average of at least 3.00 on transferable college credit

Because of enrollment restrictions dictated by the availability of faculty and facilities in the school and by the limitations on nonresident enrollment imposed by the Board of Regents, an applicant may be denied admission to the McCombs School even though he or she meets University transfer requirements. Such an applicant may seek admission to another academic program at the University. A student with a grade point average of less than 3.50 is unlikely to be admitted to the McCombs School.
