IN CASE OF WORK INJURY

- **Notify your supervisor**
- **If an emergency, call 911 and ask to be transported to the nearest hospital. If your emergency involves exposure to animals, laboratory chemicals or biological agents, request transport to a St. David's affiliated emergency room.***
- **Minor first aid, including minor chemical & animal exposure incidents, are treated on-campus by the UT *Health*Point Occupational Health Program**
- **After hours, you may go to one of the emergency rooms listed below or a health care provider of your choice that accepts workers' compensation insurance.**
