

National Juvenile Court Statistics

The tables here provide data from A. Stahl, T. Finnegan & W. Kang, *Easy Access to Juvenile Court Statistics: 1985-2004* (2007) (available at: <http://ojjdp.ncjrs.gov/ojstatbb/ezajcs/>). The National Center for Juvenile Justice (the research division of the National Council of Juvenile and Family Court Judges) developed this resource for the U.S. Department of Justice's Office of Juvenile Justice and Delinquency Prevention to provide access to recent, detailed information on juvenile crime and the juvenile justice system. The numbers in the data base are estimates based on extrapolations from the jurisdictions reporting (which represent 63-77% of the population, depending on the year).
