College of Pharmacy Advisory Council

The University of Texas Pharmacy Advisory Council serves as a vehicle to foster private support on behalf of the college. Established in 1950, the council is composed of distinguished alumni and friends. During the 2008-2009 academic year, the council was under the leadership of Chair Marina Sifuentes and Vice Chair Celyna Delgado. The leadership, service and financial support of these many volunteers helps the college maintain its reputation as one of the premier schools of pharmacy in the nation and positions the college to meet its mandate that what starts here changes the world.
