

**SECTION 09610– FLOOR TREATMENTS
CONSTRUCTION STANDARD**

PART 1: GENERAL

1.01 Scope of Standard

- A. This standard provides general guidance concerning the specific preferences of the University of Texas at Austin for coatings and surfacing for finished flooring; includes special-purpose finishes normally classified as painting materials.
- B. UT recognizes that project conditions and requirements vary, thus precluding the absolute adherence to the items identified herein in all cases. However, unless there is adequate written justification, it is expected that these guidelines will govern the design and specifications for UT projects.

1.02 Quality Control

- A. Special floor treatments shall be used for specialty locations such as food service areas.
- B. Floor treatment shall be approved by the UT project representative.
- C. Assure proper preparation of any floor substrate which is to receive special finish application.
- D. Adhere to the product manufacturer's recommendations.

PART 2: PRODUCTS – NOT USED

PART 3: EXECUTION – NOT USED
