

**SECTION 10105– VISUAL DISPLAY BOARDS
CONSTRUCTION STANDARD**

PART 1: GENERAL

1.01 Scope of Standard

- A. This standard provides general guidance concerning the specific preferences of the University of Texas at Austin for chalk and marker writing surfaces and mounting surfaces of various materials; includes framing systems and accessories and manual and motor-operated units with integral projection screens.
- B. UT recognizes that project conditions and requirements vary, thus precluding the absolute adherence to the items identified herein in all cases. However, unless there is adequate written justification, it is expected that these guidelines will govern the design and specifications for UT projects.

1.02 Quality Control

- A. Surface: All white board marker surfaces shall be “ LCS magnetic porcelain” or equal.
- B. Trim shall be metal, standard, with a tackable strip full length at top.
- C. Contractor to provide manufacturer’s written cleaning and maintenance instructions as part of pre-substantial completion closeout documentation.

PART 2: PRODUCTS – NOT USED

PART 3: EXECUTION – NOT USED

END OF STANDARD 10105
