--	--

In the last three years, have you received financial support from this Subvention Grant program?

I am the sole or primary author of this book and am currently appointed at The University of Texas at Austin. The book for which I am requesting a subvention is not a textbook or a translation/reprint of a previously published book. I agree to acknowledge "a University of Texas at Austin Subvention Grant awarded by President William C. Powers, Jr." in my publication (preferably in the front part of the book). I agree that reimbursement of expenditures from personal funds is not possible from Subvention Award funds, and that production of fiscal documents and accounting for the grant is my responsibility. I agree to notify the Vice President for Research Office if my book is not published.
