Use of Transfer Credit Toward Degrees

The Office of Admissions evaluates courses from other institutions for comparability with UT Austin coursework, but the Dean’s Office in the McCombs School approves transfer credit for use in a degree program.

- Questions concerning degree/graduation requirements and degree applicability of transfer credit should be directed to the BBA Program Office, McCombs School of Business, CBA 2.400, UT Austin, Austin TX 78712 (512/471-0690). Prospective student information is at www.mccombs.utexas.edu/BBA/Prospective/.
- Questions concerning transfer admission and transfer credit evaluation should be directed to the Undergraduate Admissions Center, John Hargis Hall, P.O. Box 8058, UT Austin, Austin TX 78713-8058 (512/475-7387). Admission information and Transfer Guides for other UT programs are at admissions.utexas.edu/apply/transfer-admission/.

High School Foreign Language Preparation

UT Austin requires all undergraduates to have completed at least two years of high school study in a single foreign language, documented by an official high school transcript submitted to the Office of Admissions. Students lacking high school coursework to satisfy the requirement must earn college-level credit for the beginning two-course sequence in a language (numbered 1411+1412).

Special Notes

- Admission is highly competitive in the McCombs School; acceptance depends upon available space and the applicant’s qualifications compared to the entire applicant pool. Preference is given to applicants who select Business as their first-choice major. Transfer students are admitted only in fall semesters; applications are not considered for spring or summer admission. A transfer admission grade point average of at least 3.00 (on a four-point scale) is required for admission consideration, but an applicant with a GPA less than 3.50 is unlikely to be admitted.

- To be considered for transfer admission in Business, applicants must complete microeconomics, macroeconomics, and a two-course calculus sequence with grades of C– or better. Students admitted to UT Austin in other majors may pursue internal transfer to business, which also requires completion of these four courses.

- Core curriculum transfer credit from Austin Community College is guaranteed to apply toward UT core requirements, but degree plans may specify how to fulfill some core requirements. Recommendations in this Guide satisfy core requirements with courses normally prescribed by a student’s major field of study at UT.

- Courses in which grades lower than C– are earned do not transfer. Grades from transfer credit are excluded from a student’s internal UT Austin grade point average computation.

- Physical education activity courses do not count toward degree requirements in the McCombs School, but grades and credit count toward transfer admission.

- Up to twelve semester hours in Air Force, Military, or Naval Science may count as elective credit toward degrees in the McCombs School by students commissioned through the UT Austin ROTC program.
