

The McCombs School of Business University of Texas at Austin

2009-2010 Transfer Guide for Austin Community College Students

Degree Programs Available

Bachelor of Business Administration with majors in:

- Accounting
- Engineering Route to Business
- Finance
- International Business
- Management
- Management Information Systems
- Marketing
- Supply Chain Management

Additionally, the **Business Foundations Program** offers nonmajor business courses that can be used as a minor in many degree plans outside the McCombs School (see <http://www.mcombs.utexas.edu/udean/major/foundations/>).

Prospective Business transfer students are urged to become familiar with the School's curricula and rules in the *Undergraduate Catalog 2008-2010*, available at <http://registrar.utexas.edu/catalogs/>.

Students who transfer directly from a Texas community college may choose to graduate under UT Austin catalog rules in effect during the time they attended the community college; those declaring the 2008-2010 catalog must complete all degree requirements by the end of the summer session 2016. At least sixty semester credit hours must be completed at UT Austin to earn an undergraduate degree.

Prospective students can monitor their UT degree progress – even before transfer – and check degree applicability of Austin Community College courses by using the “Planner” function of UT's Interactive Degree Audit (IDA) system at <http://registrar.utexas.edu/students/degrees/ida/>.

Use of Transfer Credit Toward Degrees

The Office of Admissions evaluates courses from other institutions for comparability with UT Austin coursework, but the Dean's Office in the McCombs School approves transfer credit for use in a degree program.

- Questions concerning **degree/graduation requirements** and degree applicability of transfer credit should be directed to the Undergraduate Programs Office, McCombs School of Business, CBA 2.400, UT Austin, Austin TX 78712 (512/471-0690). Prospective student information is available at <http://www.mcombs.utexas.edu/udean/>.
- Questions concerning **transfer admission** and transfer credit evaluation should be directed to the Office of Admissions, MAI 7, UT Austin, Austin TX 78712 (512/475-7387). Admission information and Transfer Guides for other UT programs are available at <http://bealonghorn.utexas.edu/transfer/>.

High School Foreign Language Preparation

The University requires all students to have completed two years of high school study in a single foreign language. Transfer students who do not meet this requirement are assessed a **foreign language deficiency**; removal of deficiencies is required for graduation. To remove a deficiency, credit for the second college-level course in a language (numbered 1512) is required. Credit used to remove a deficiency cannot be applied toward other degree requirements. Prospective students should complete coursework needed to satisfy a foreign language deficiency prior to transfer.

Special Notes

- Due to space limitations in the McCombs School, **admission is highly competitive**; acceptance depends upon available space and the applicant's qualifications compared to the entire applicant pool. Transfer students are admitted **only in fall semesters**; applications are not considered for spring and summer terms.
- **To be considered for transfer admission in Business**, applicants must have credit for MATH 2413 & 2414 (or 1425 & 1476) and ECON 2301 & 2302.
- **Core curriculum** transfer credit from A.C.C. is guaranteed to apply toward UT core requirements, but degree plans may specify how some core requirements should be fulfilled. Recommendations in this Guide satisfy core requirements with courses normally required by a student's major field of study at UT.
- Courses in which **grades lower than C-** are earned do not transfer. Grades from transfer credit are excluded from a student's internal **UT Austin grade point average** computation.
- **Physical Education** activity courses do not apply toward degree requirements in the McCombs School, but grades and credit count toward transfer admission.
- Up to twelve semester hours in **Air Force or Military Science** may be applied as elective credit toward degrees in the McCombs School by students commissioned through the UT Austin ROTC program.

Courses Recommended for Transfer

expressed in Austin Community College designations

Writing & Literature

ENGL 1301;
one Substantial Writing Component/Writing Flag course chosen from ENGL 1302 or 2311; and
one literature survey course chosen from ENGL 2322, 2323, 2327, 2328, 2332, 2333, or 2342.

Foreign Language

For the International Business major: four semesters in a single language, chosen from courses numbered 1511, 1512, 2311, & 2312. *(Students should select a language associated with the world region in which they plan to specialize.)*
For all other majors: in a single foreign language, either two years of prior high school credit or two college-level semesters chosen from courses numbered 1511 & 1512.

U.S. & Texas Government

GOVT 2305 & 2306.
(Because A.C.C. and UT Austin organize the two-course legislative requirement sequence differently, it is strongly recommended that students take both courses at one institution.)

U.S. History

Two courses chosen from HIST/HIS 1301, 1302, 1643, 2301, 2327, 2328, 2341, and 2381.

Social Science

ECON 2301 & 2302; and
one additional course chosen from
ANTH 2351;
PSYC 2301, 2308, 2316, or 2319; or
SOC 1301, 1306, or 2326.

Mathematics

For the Engineering Route to Business major:
MATH 2413, 2414, & 2415.
For all other majors:
two semesters of calculus chosen from MATH 2413 & 2414 (preferred) or MATH 1425 & 1476.
MATH 1425 cannot be used as a prerequisite for standard calculus courses after transfer, so it is recommended only in combination with 1476. Students transferring only 1425 are individually assessed to determine appropriate follow-up coursework in calculus.
(Because students who transfer in mid-sequence often have difficulty in subsequent calculus coursework, completion of the sequence at one institution is recommended.)

Natural Science

For the Engineering Route to Business major:
CHEM 1311; and PHYS 2425+2426.
For all other majors: a two-course sequence in one discipline, chosen from
ASTR 1303+1304, 1403+1404, 1303+1404, or 1403+1304;
BIOL 1406+1407, 1408+1409, or 2304+2305;
CHEM 1311+1312;
GEOL 1403+1404; or
PHYS 1401+1402, 1405+1407, or 2425+2426.

Visual & Performing Arts

One course chosen from ARTS 1301, 1303, or 1304; DRAM 1310 or 2336; HUMA 1315; or MUSI 1306 or MUS 1773.

Other Coursework

ACCT 2301 & 2302 (or ACNT 1403, 1404, & 1475);
BUSG 2371; and
SPCH 1321 (preferred) or 1315.
