**Bachelor of Arts** – BA degrees share the same structure with Liberal Arts degrees, providing a traditional “Arts & Sciences” experience.

**Bachelor of Science & Arts** – BSA degrees combine a science/mathematics major either with a 15 semester hour minor in a single field of study in colleges outside of Engineering, Geosciences, or Natural Sciences or with an 18-24 semester hour certificate.

**Bachelor of Science** – BS degrees are designed for specialists who want to concentrate up to 75% of their coursework in science and mathematics, including sub-field options in some programs.

The following major/degree combinations are offered, with multiple options in some BS plans (honors options generally are not available to transfer students):

- **Human Ecology** – BA, BSA
- **Nutrition** – BSA, BS (options: I-Dietetics, II-Nutritional Sciences, III-Nutrition & Public Health, VI-International Nutrition)

Prospective Natural Science transfer students are urged to become familiar with the College’s curricula and rules in the Undergraduate Catalog 2014–2016 at registrar.utexas.edu/catalogs/.

Transfer students from Texas community colleges are eligible to graduate under UT Austin catalog rules in effect during the time they attend the community college. Those declaring the 2014–2016 catalog must satisfy all degree requirements by the end of the summer session 2022, including at least sixty semester credit hours completed in residence at UT Austin.

Prospective students can monitor their UT degree progress and check degree applicability of transfer credit by using the “Planner” feature of UT’s Interactive Degree Audit (IDA) system at registrar.utexas.edu/students/degrees/ida/.

**Texas Common Course Numbering**

Recommended transfer courses are listed in Texas Common Course Numbering (TCCN) designations, a uniform system of field-of-study prefixes and four-digit numbers used by community colleges statewide. A course number’s first digit designates academic level (1 = freshman, 2 = sophomore) and the second digit specifies semester hour credit value.

**Use of Transfer Credit Toward Degrees**

The Office of Admissions evaluates courses from other institutions for comparability with UT Austin coursework, but the Dean’s Office in the College of Natural Sciences approves transfer credit for use in a degree program.

- Questions concerning degree/graduation requirements and degree applicability of transfer credit should be directed to the Transitional Advising Center, College of Natural Sciences, WCH 1.106, UT Austin, Austin TX 78712 (512/471-3796). Prospective student information is at www.cns.utexas.edu/students/future/.
- Questions concerning transfer admission and transfer credit evaluation should be directed to the Undergraduate Admissions Center, John Hargis Hall, P.O. Box 8058, UT Austin, Austin TX 78713-8058 (512/475-7387). Admission information and Transfer Guides for other UT programs are at admissions.utexas.edu/apply/transfer-admission/.

**Special Notes**

- College of Natural Sciences admission is competitive. Preference is given to applicants who:
  - select Natural Sciences as their first-choice major;
  - have transfer credit for at least one course from MATH 1342 or 2413 with a grade of B– or better; and
  - have transfer credit for at least two courses from BIOL 1406, BIOL 1407, CHEM 1311, CHEM 1312, COSC 1337, PHYS 2425, or PHYS 2426 with grades of B– or better.
  - Applicants with additional mathematics and science courses, as recommended in this Guide, are more competitive.

- Core curriculum transfer credit from Austin Community College is guaranteed to apply toward UT core requirements, but degree plans may specify how to fulfill some core requirements. Recommendations in this Guide satisfy core requirements with courses normally prescribed by a student's major field of study at UT.

- Courses in which grades lower than C– are earned do not transfer. Grades from transfer credit are excluded from a student’s internal UT Austin grade point average computation.

- College Algebra (MATH 1314) does not count toward degree requirements in the College of Natural Sciences, but grades and credit in the course count toward transfer admission.

- Physical education activity courses do not count toward degree requirements in the College of Natural Sciences, but grades and credit count toward transfer admission.
Courses Recommended for Transfer
expressed in Austin Community College designations

**Writing / Humanities** (core 010 & 040)
English Composition & first (core) Writing Flag – ENGL 1301+1302.
Literature – one American, British, or world literature survey course chosen from ENGL 2322, 2323, 2327, 2328, 2332, or 2333.

**Foreign Language**
For BA degrees: 4th semester proficiency
For BSA degrees: University Basic Education Requirement.
For BS degrees:
2nd semester proficiency in Nutrition option VI;
University Basic Education Requirement in Human Development & Family Sciences options I-IV; Nutrition options I-III; Textiles & Apparel options I, II, IV.
Proficiency levels defined:
• University Basic Education Requirement – in a single language, either two years of prior high school credit or two college-level courses numbered 1411+1412.
• 2nd semester proficiency – completion of courses numbered 1411+1412. SGNL 1401+1402 can also be counted.
• 4th semester proficiency – completion of courses numbered 2311+2312. SGNL 2301+2302 can also be counted.

**History / Government** (core 080 & 070)
United States History – two courses chosen from HIST 1301, 1302, 2301, 2327, 2328, 2341, and 2381.
American & Texas Government – GOVT 2305+2306.

**Social & Behavioral Science** (includes core 080)
For Human Ecology BA, BSA: TECA 1303.
For Human Development & Family Sciences BS options I, II, III, IV: either PSYC 2301 or TECA 1303 and another course chosen from ANTH 2351; ECON 2301 or 2302; PSYC 2316 or 2319; or SOCI 1301, 1306, 2301, or 2326.
For Nutrition BS: one course (in option I) or two courses (in options II & VI) chosen from ANTH 2351, ECON 2301 or 2302, PSYC 2301, or SOCI 1301. ECON 2301 or 2302 must be one of the courses chosen in option VI.
For Textiles & Apparel BS: ECON 2302 for option II; ANTH 2302 & 2351 for option IV.
For all other degrees & options: one course chosen from ANTH 2351; ECON 2301 or 2302; GEOG 1303; PSYC 2301*; SOCI 1301, 1306, or 2301; or TECA 1303. (**Preferred for teacher certification candidates.)

**Mathematics** (includes core 020)
For Human Development & Family Sciences degrees: MATH 2413.
For Human Ecology degrees: MATH 2413.
For Nutrition degrees: MATH 2413.
For Textiles & Apparel BS options I, II, IV: MATH 1342 and MATH 2413.

**Science & Technology** (includes core 030 & 093)
Only majors-level science courses are countable toward College of Natural Sciences requirements.

For Human Development & Family Sciences degrees: BIOL 1406, CHEM 1311, and either BIOL 1407 or CHEM 1312. In the BS options I, II, III, IV add a fourth course chosen from BIOL 1407, CHEM 1312, CHEM 2323, COSC 1337, GEOI 1403, GEOL 1404, PHYS 1401, or PHYS 2425.
For Human Ecology degrees: BIOL 1406, CHEM 1311, and either BIOL 1407 or CHEM 1312. In the BA degree add a fourth course chosen from BIOL 1407, CHEM 1312, CHEM 2323, COSC 1337, GEOL 1403, PHYS 1401, or PHYS 2425.
For Nutrition degrees: BIOL 1406, CHEM 1311+1312+1111+1112, and CHEM 2323. In the BS option II add BIOL 1407, CHEM 2325+2123+2125, and either PHYS 1401 or PHYS 2425.
For Textiles & Apparel BS: CHEM 1311+1312+1111+1112 and BIOL 1406. In option IV take CHEM 2323 instead of BIOL 1406.

**Visual & Performing Arts** (core 050)
One course chosen from ARCH 1301, 1302, or 1311; ARTS 1301, 1303, or 1304; COMM 1307 or 1335; DRAM 1310 or 2367; or MUSI/MUS 1301, 1306, or 1773.

This Guide is based on degree requirements published in UT Austin’s Undergraduate Catalog 2014-2016 and on courses offered at Austin Community College during 2014-2015 and 2015-2016. Produced by the Office of Admissions in consultation with the Dean’s Office of the College of Natural Sciences. Effective 01 August 2015; updated 22 February 2016.
