

The College of Pharmacy University of Texas at Austin

2011-2012 Transfer Guide for Austin Community College Students

Degree Programs Available

- **Doctor of Pharmacy**

The Doctor of Pharmacy (PharmD) is a six-year degree comprising two preprofessional years of study followed by a four-year professional curriculum. Coursework recommended in this Guide applies to the preprofessional curriculum.

Prospective Pharmacy transfer students are urged to become familiar with the College's curricula and rules in the *Undergraduate Catalog 2010-2012*, available at <http://registrar.utexas.edu/catalogs/>.

Students who transfer directly from a Texas community college are eligible to graduate under UT Austin catalog rules in effect during the time they attend the community college; those declaring the 2010-2012 catalog must complete all degree requirements by the end of the summer session 2019.

Prospective students can monitor their UT degree progress – even before transfer – and check degree applicability of Austin Community College courses by using the “Planner” function of UT’s Interactive Degree Audit (IDA) system at <http://registrar.utexas.edu/students/degrees/ida/>.

Use of Transfer Credit Toward Degrees

The Office of Admissions evaluates courses from other institutions for comparability with UT Austin coursework, but the Dean’s Office in the College of Pharmacy approves transfer credit for use in a degree program.

- Questions concerning **degree/graduation requirements** and degree applicability of transfer credit should be directed to the College of Pharmacy, Office of Admission, 1 University Station A1900, Austin TX 78712-0120 (512/471-4425). Prospective student information is available at <http://www.utexas.edu/pharmacy/edutrain/pharmd.html>.
- Questions concerning **transfer admission** and transfer credit evaluation should be directed to the Undergraduate Admissions Center, John Hargis Hall, P.O. Box 8058, UT Austin, Austin TX 78713-8058 (512/475-7387). Admission information and Transfer Guides for other UT programs are available at <http://bealonghorn.utexas.edu/transfer/>.

High School Foreign Language Preparation

UT Austin requires all students to have completed two years of high school study in a single foreign language. Transfer students who do not meet this requirement are assessed a **foreign language deficiency**; removal of deficiencies is required for graduation. To remove a deficiency, credit for the second college-level course in a language (numbered 1512) is required. Credit used to remove a deficiency cannot count toward other degree requirements. Prospective students should complete coursework needed to satisfy a foreign language deficiency prior to transfer.

Special Notes

- The UT Austin Office of Admissions admits eligible transfer students to the **pre-Pharmacy** program in the College of Natural Sciences; subsequent admission to the professional curriculum is under the authority of the College of Pharmacy. Pre-Pharmacy admission does not imply or guarantee admission to the professional curriculum.
- Transfer students may need time in residence at UT Austin to complete **preprofessional requirements**. Students who complete preprofessional requirements before transfer may apply for University admission and professional curriculum admission simultaneously (see <http://bealonghorn.utexas.edu/transfer/admission/majors/pharmacy/>). Pre-Pharmacy admission is available year-round, but professional curriculum admission is available only for fall semesters.
- **Core curriculum** transfer credit from Austin Community College is guaranteed to apply toward UT core requirements, but degree plans may specify how to fulfill some core requirements. Recommendations in this Guide satisfy core requirements with courses normally prescribed by a student's major field of study at UT.
- Courses in which **grades lower than C–** are earned do not transfer. Grades from transfer credit are excluded from a student's internal **UT Austin grade point average** computation.
- **Physical education** activity courses do not count toward degree requirements in the College of Pharmacy, but grades and credit count toward transfer admission.
- Up to nine semester hours in **Air Force or Military Science** may count as nonpharmacy elective credit toward a degree in the College of Pharmacy by students commissioned through the UT Austin ROTC program. Such credit may not count toward the professional PharmD elective requirement.

Courses Recommended for Transfer

expressed in Austin Community College designations

Writing & Literature

ENGL 1301; and one American, British, or world literature survey course chosen from ENGL 2322, 2323, 2327, 2328, 2332, 2333, or 2342.

Foreign Language

In a single foreign language, either two years of prior high school credit or two college-level semesters chosen from courses numbered 1511 & 1512. SGNL 1401 & 1402 can also be counted.

U.S. & Texas Government

GOVT 2305+2306.
(Because A.C.C. and UT Austin organize the two-course legislative requirement sequence differently, it is strongly recommended that students take both courses at one institution.)

U.S. History

Two courses chosen from HIST/HIS 1301, 1302, 1643, 2301, 2327, 2328, 2341, and 2381.

Social & Behavioral Science

One course chosen from ANTH 2351, ECON 2301 or 2302, GEOG 1303, PSYC 2301, or SOCI 1301 or 1306.

Mathematics

MATH 1342 (statistics); and MATH 2413+2414 (differential & integral calculus).

Science & Technology

BIOL 1406+1407, 2316, and 2421;
CHEM 1311+1312+1111+1112;
CHEM 2323+2325+2123+2125; and
one course chosen from PHYS 1401 or 2425.

Visual & Performing Arts

One course chosen from ARTS 1301, 1303, or 1304; COMM 1307 or 1335; DRAM 1310 or 2367; HUMA 1315; or MUSI/MUS 1301, 1306, or 1773.
