## 2009-2010 Transfer Guide for Austin Community College Students

### Degree Programs Available

- **Doctor of Pharmacy**

The Doctor of Pharmacy (PharmD) is a six-year degree comprising two preprofessional years of study followed by a four-year professional curriculum. Coursework recommended in this Guide applies to the preprofessional curriculum.

Prospective Pharmacy transfer students are urged to become familiar with the College's curricula and rules in the *Undergraduate Catalog 2008-2010*, available at <http://registrar.utexas.edu/catalogs/>.

Students who transfer directly from a Texas community college may choose to graduate under UT Austin catalog rules in effect during the time they attended the community college; those declaring the 2008-2010 catalog must complete all degree requirements by the end of the summer session 2017.

Prospective students can monitor their UT degree progress – even before transfer – and check degree applicability of Austin Community College courses by using the “Planner” function of UT’s Interactive Degree Audit (IDA) system at <http://registrar.utexas.edu/students/degrees/ida/>.

### Use of Transfer Credit Toward Degrees

The Office of Admissions evaluates courses from other institutions for comparability with UT Austin coursework, but the Dean’s Office in the College of Pharmacy approves transfer credit for use in a degree program.

- Questions concerning **degree/graduation requirements** and degree applicability of transfer credit should be directed to the College of Pharmacy, Office of Admission, 1 University Station A1900, Austin TX 78712-0120 (512/471-4425). Prospective student information is available at <http://www.utexas.edu/pharmacy/prospective/>.
- Questions concerning **transfer admission** and transfer credit evaluation should be directed to the Office of Admissions, MAI 7, UT Austin, Austin TX 78712 (512/475-7387). Admission information and Transfer Guides for other UT programs are available at <http://bealonghorn.utexas.edu/transfer/>.

### High School Foreign Language Preparation

The University requires all students to have completed two years of high school study in a single foreign language. Transfer students who do not meet this requirement are assessed a **foreign language deficiency**; removal of deficiencies is required for graduation. To remove a deficiency, credit for the second college-level course in a language (numbered 1512) is required. Credit used to remove a deficiency cannot be applied toward other degree requirements. Prospective students should complete coursework needed to satisfy a foreign language deficiency prior to transfer.

### Special Notes

- The UT Office of Admissions admits eligible transfer students to the College of Natural Sciences, which administers the **pre-Pharmacy** program; subsequent admission to the professional curriculum is under the authority of the College of Pharmacy. Pre-Pharmacy admission does not imply or guarantee admission to the professional curriculum.
- Transfer students may need at least one semester in residence at UT Austin to complete **preprofessional requirements**. Students who complete preprofessional requirements before transfer may apply for general admission and professional curriculum admission simultaneously (see <http://bealonghorn.utexas.edu/transfer/admission/majors/pharmacy/>). While pre-Pharmacy admission is available year-round, admission to the professional curriculum is available only for the fall semester.
- **Core curriculum** transfer credit from A.C.C. is guaranteed to apply toward UT core requirements, but degree plans may specify how some core requirements should be fulfilled. Recommendations in this Guide satisfy core requirements with courses normally required by a student's major field of study at UT.
- Courses in which **grades lower than C-** are earned do not transfer. Grades from transfer credit are excluded from a student's internal **UT Austin grade point average** computation.
- **Physical Education** activity courses do not apply toward degree requirements in the College of Pharmacy, but grades and credit count toward transfer admission.
- Up to nine semester hours in **Air Force or Military Science** may be applied as elective credit toward a degree in the College of Pharmacy by students commissioned through the UT Austin ROTC program.

# ***Courses Recommended for Transfer***

---

*expressed in Austin Community College designations*

## **Writing & Literature**

ENGL 1301; and  
one literature survey course chosen from ENGL 2322, 2323, 2327, 2328, 2332, 2333, or 2342.

## **Foreign Language**

In a single foreign language, either two years of prior high school credit or two college-level semesters chosen from courses numbered 1511 & 1512. SGNL 1401 & 1402 can also be counted.

## **U.S. & Texas Government**

GOVT 2305 & 2306.  
*(Because A.C.C. and UT Austin organize the two-course legislative requirement sequence differently, it is strongly recommended that students take both courses at one institution.)*

## **U.S. History**

Two courses chosen from HIST/HIS 1301, 1302, 1643, 2301, 2327, 2328, 2341, and 2381.

## **Social Science**

One course chosen from ANTH 2351, ECON 2301 or 2302, GEOG 1303, PSYC 2301, or SOCI 1301 or 1306.

## **Mathematics**

MATH 1342 (statistics); and  
MATH 2413 & 2414 (differential & integral calculus).

## **Natural Science**

BIOL 1406, 1407, 2316, & 2421;  
CHEM 1311, 1312, 2323, 2325, 1111, 1112, 2123, & 2125; and  
one course chosen from PHYS 1401 or 2425.

## **Visual & Performing Arts**

One course chosen from ARTS 1301, 1303, or 1304; DRAM 1310 or 2336; HUMA 1315; or MUSI 1306 or MUS 1773.
