Your response and suggestions are important for us to learn what you have found useful about Supplemental Instruction discussion sections and what skills, if any, you can imagine transferring to other courses. So take your time and please think carefully before answering the following questions. We really appreciate your feedback ... ***Thank you!***

What has been helpful in the sessions you've attended so far?

Do you have any suggestions for improving the sessions?

Has there been any study strategy you've learned in these discussion sections which you could see yourself using in another course ... for example, anticipating test questions?
