

Supplemental Instruction Survey

Please answer the following questions honestly. These results will be used to make the remaining SI sessions as relevant to your needs as possible.

1. How many times have you attended SI?
2. What is your current grade in the course?
3. What specific changes can you make to improve your performance in this course? (examples: study more, keep up with the reading, review notes more frequently, integrate notes and texts, form a study group, etc)
4. How can SI help you to improve your performance in this course? Rate the following activities according to how important they are to spend time on during SI. Rate them from 1 to 5 with 1 being not at all important and 5 being very important.

_____ Discussion of book readings	_____ Discussion of lectures
_____ Small group work (problems, going to the board)	
_____ In-class practice on sample test questions/quizzes	
_____ Suggestions on how to study	_____ Other (please explain)
5. Using the same 1 - 5 scale, please indicate which of the following study skills you see as problematic in your course performance (1 – not a problem to 5 – a significant problem)

a. reading	b. test prep	c. lecture note taking	d. test-taking
e. time management	f. memory	g. test anxiety	h. other (please explain)
6. On scale of 1 to 5 (1 = extremely helpful, 5 = not helpful at all), please rate the following:
Attending supplemental instruction has been ___ in improving my grade in ACC 311.
Attending supplemental instruction has been ___ in increasing my understanding of financial accounting.
7. List what skills you have acquired or been exposed to in SI which you believe will help you in future classes.
8. Please suggest any changes that you'd like to see in the SI session and identify those things that you've found helpful. This class is designed for you, so I need your input in planning it.
