**PETITION INFORMATION**

**Please note:** UT does not generally accept in-residence coursework in substitution for core requirements. An in-residence course will only satisfy a core requirement if it is listed as a core course in Chapter 2 of the Undergraduate Catalog. Transfer coursework proposed to satisfy a core requirement will be evaluated based on the educational objectives of the core area to which the student proposes that it apply.

Please attach a course syllabus from the semester in which you completed the course. (Undergraduate Studies cannot reevaluate transfer work to assign a different UT course number; the UT Office of Admissions must review such requests.)

If requesting a substitution, specify the UT course abbreviation and number, as shown on your transcript.

Use \_\_\_\_\_ to count for \_\_\_\_\_
