

Demand-Side Energy and Water Upgrades Set To Begin

You are invited to a Town Hall Meeting on Lighting Changes

When: Tuesday, May 6
9 am to 10 am & 4 pm to 5 pm

Where: Painter Hall, room 4.42

What: Information and Q&A about replacing and retrofitting more than 193,000 lighting fixtures, starting May 12th.

Who: Information will be presented by the Demand-Side Energy Management and Conservation (DSEMC) project leaders. All interested parties are invited to attend. A Town Hall meeting will be announced at a later date for the J.J. Pickle Research Campus.

.....

The DSEMC program has completed lighting audits in 12.6 million square feet of education and general buildings across the main and J. J. Pickle Research campuses. Now the construction phase is ready to begin!

For more information about the upgrades or the Town Hall meetings, contact: Al Lewandowski at al.lewandowski@austin.utexas.edu, or 512-471-0492.
