The 2012 Public Drinking Water Conference is a FREE, two-day seminar designed to provide information relevant to public drinking water systems and water utilities.

TCEQ Water Supply Division representatives will give presentations on a wide variety of topics including drinking water regulations, upcoming rules, operations, rate making, CCNs, district applications and new technology.

Staff from the TCEQ Water Supply Division will also be available to meet on an individual basis with water system operators, consultants, utility and district managers, directors and others.

If you are an operator, local municipality, industry, water district, water supply corporation, investor-owned utility or other drinking water stakeholder, this conference is a must. Water system operators can receive general training credit toward the renewal of their water operator license from the TCEQ for the qualifying sessions they attend. If you attend only one conference this year, make it the TCEQ 2012 Public Drinking Water Conference!
